Applications invited for community radio licences

The ABA has advertised for the following new community radio broadcasting licences:

Area	Number of licences	Closing date

Grafton	1	29 November
Wollongong	2	29 November
Victoria		
Bendigo*	2	8 November

* The ABA has readvertised the availability of two new community radio broadcasting licences to serve the Bendigo region.

'The ABA suspended the previous allocation of the two Bendigo community licences after it became necessary to change the technical specifications for one of those licences,' said ABA Chairman, Professor David Flint.

'Now that the necessary technical changes have been made to one of the licences, the ABA is reopening the application process to ensure fairness to all interested parties,' he said.

It is important to note that previous applicants need not reapply. However, they may if they wish, amend their existing applications before the specified closing date.
