## Western Australian Branch

### REPORT ON THE BRANCH'S ACTIVITIES For the period ending 30th June, 1980.

The Executive Committee of the W.A. Branch held four committee meetings during the period under review.

Three public seminars were arranged at the Community Development Centre, Shenton Park and Vapech House, and attendance at these meetings in each instance was between 50-70 persons. The seminar topics were as follows:

- 3.12.79 Reducing Crime Through the Criminal Justice System in Japan. (Mr. K.S. Stotter, Superintendent, "Nyandi Institution For Females).
- 14.4.80 Crime and Individual Liberties. (Mr. Oliver Dixon, former Parliamentary Commissioner for Administrative Procedures).
- 13.5.80 What Do We Do About Crime? (Mr. W. Clifford, Director, Australian Institute of Criminology).

The seminars held on 3.12.79 and 13.5.80, concluded with wine and cheese functions, which were well attended by members and visitors. The local Press has been co-operative in giving publicity to these seminars and a good relationship has been gradually built up between Officers of the Branch and Press staff.

One of the earliest seminars organised by this Branch was on the topic "Bail Hostels in Britain and their relevance to Australia". This was a seminar topic given by Mr. Roy Christie, the Under Secretary for Law in Western Australia. The Western Australian Government have recently agreed, in principle, to the establishment of a Bail Hostel in Perth on a trial basis. It is considered that the favourable publicity arising out of that seminar may have played a small part in influencing the Government's decision.

The Australian Crime Prevention Council's magazine "Forum", which is published every two months has developed into a very versatile and informative publication as regards criminal justice matters in Australia. It is hoped that before the end of 1980, one of the issues will feature articles contributed solely from Western Australia. Your support for the

magazine both as a subscriber and contributor is recommended.

#### FUTURE ACTIVITIES

A link has now been established with the Forensic Science Society of W.A. and it is hoped that this body will be an organisational-member soon. From this development it is anticipated that there will be joint seminars in the future on selected topics.

The Branch has been aware of the need to increase and broaden the base of its membership for some time now, and every effort is made at seminars to draw the audience's attention to the fact that membership is open to the general public. We are attempting to aim our recent efforts at three target groups — the magistracy, high school staff and voluntary organisations.

The Branch is now operating on a sound basis and interest has been increasingly generated by the seminar topics which have had educational impact in the area of crime prevention.
