## LOANS

Your Credit Union will lend you money for any reasonable purpose. The interest rates are competitive and there are no hidden costs.

Convenient, low-cost personal loans are the heart of the Credit Union philosophy. "Adelaide Savings" will not persuade you to borrow more than you can afford.

Also, it is one of the few financial institutions that will suggest another source of credit when that source could give a better deal.

Of course, the money lent by "Adelaide Savings" comes from members' deposits, so members have a mutual obligation to save with, as well as to borrow from their Credit Union.
