MALAYSIAN VISITOR MEETS AUSTRALIAN COUNTERPARTS

The Australian Federal Police, as our country's official "overseas arm" of law enforcement, enjoys close contacts with police forces from a large number of countries.

Often our personnel have the pleasure of hosting visits by overseas colleagues. Recently ACT Division members had the opportunity to entertain a water police official from Malaysia who was visiting Australia to see his wife who is Third Secretary (Information) at the Malaysian High Commission in Canberra.

Acting Assistant Superintendent Basharudin Mydin, Commanding Officer, Marine Patrol Boat, Port Klang, and his wife, Puan Hamidah Haji Ashari "did" the sights of Canberra during the visit.

While in Canberra Asst. Supt. Basharudin was able to observe the role of the Water Police and Diving Squad of the Australian Federal Police on Lake Burley Griffin.
