

## SUBJECT INDEX

---

### Aboriginal Heritage Act 2006 (Vic)

- Aboriginal parties as decision-makers, 144
- background, 143–4
- enforcement, 146
- Management Plans, 144–5
  - area of cultural sensitivity, 145
  - high impact activity, 145
- offence provision, 144
- transitional provisions, 145

### Access regulation

- National Electricity Law, 421–6
- need for certainty, 346–9

### Anvill Hill Coal Project

- approval by NSW Minister for Planning, 124–8
  - assessment of GHG emissions, 125–6
  - GHG conditions, 127
  - Gray v The Minister for Planning and Others*, 93–9
  - key features, 127–8
  - methodology of assessment of GHG emissions, 126–7

### Australian Capital Territory

- Greenhouse Gas Abatement Scheme (GGAS), 152, 157–8

### Australian Emissions Trading proposals *see*

#### Emissions trading scheme (ETS)

### Australian Energy Market Agreement, 421–2

### Australian Energy Market Commission (AEMC), 421–6

- rule change process, 424

### Australian Energy Regulator (AER), 421–6

- information gathering powers, 423–4

### Australian Finegrain Marble Pty Ltd & Kagara Pty Ltd, *Re*, 14–16

### Australian Gold Resources Pty Ltd v Exmin Pty Ltd, 36–8

### Australian Jade Exploration Pty Ltd and Others, *Re*, 16–17

### Barnes v Addy, rule in

- liability under, 123–4

### Book review

- The European Energy Law Report, 427–8

### Canada

- nuclear energy regulatory framework, 274–80
  - comparison with Australian system, 281

### Climate change

- emissions trading scheme *see* Emissions trading scheme (ETS)
- environmental laws for sustainable development
  - environmental assessments, 93
  - Gray v The Minister for Planning and Others*, 93–9
  - judicial decision-making, 92–102

### *Xstrata Coal Queensland Pty Ltd and*

#### *Others, Re*, 99–102

- evidence, 100–1
- global warming
  - environmental assessments, 93–102
  - evidence, 100–1
  - greenhouse gas emissions as cause, 92–3
  - mainstream concern, as, 92

### Coal

- mining lease, 132–3

### Commonwealth

- access regulation, 346–9
- early carbon abatement, legal issues, 345–6
- fiduciary duties, scope of, 122–4
- pre-emptive rights issues, 117–19
- proposed national gas bulletin board, 119–21
- uranium industry regulation, 237–42

### Corporations

- constitutions, construction of, 117–19

### Corporations Act

- priority regime relating to winding up, 83–4
  - legislative change potential, 90–1
  - "Shareholder Test Case" and consequences, 85–90
- share buy-backs, 117–19

### Council of Australian Governments (COAG)

- emissions trading scheme support, 152
- Water Reform Framework Agreement, 164

### Duty

- fiduciary
  - breach, 123
  - joint ventures, 54–5
  - scope of, 122–4
- implied
  - act reasonably and in good faith, to, 2–4
  - co-operation, 2–4

### East Australian Pipeline Pty Ltd v Australian

#### Competition and Consumer Commission, 346–9

### Electricity Supply Industry Amendment Act 2007 (Tas), 357–8

### Emissions trading scheme (ETS)

- cap and trade ETS, 153–4
- Clean Energy Policy 13 percent Gas Scheme (Qld), 153, 156–7
- COAG National Adaptation Framework, 152, 154–5
- early carbon abatement and, 345–6
  - credit vehicle for, determination of, 345
  - eligibility for abatement credit, 346
- EU Emissions Trading Scheme, 158–9
- Greenhouse Gas Abatement Scheme (GGAS), 152, 157–8

- initiatives, 152
- Kyoto Protocol, 153, 158
- Mandatory Renewable Energy Target (MRET), 152, 156
- National Emissions Trading Taskforce (NETT), 152, 155
- New Zealand, 159
- Prime Ministerial Task Group Report on Emissions Trading, 152, 153–4
  - cap and trade ETS, 153–4
- Victorian Renewable Energy Target (VRET), 152, 156
- Employment**
  - arrangements, 128–31
    - Wilton & Cumberland v Coal & Allied Operations Pty Ltd*, 128–31
      - employment relationship, whether, 128
      - English authority of *Brook Street*, 131
      - intent to create legal relations, 130–1
- Environment Protection (Site Contamination) Amendment Bill 2007 (SA)**, 134–6
- Environmental assessments**
  - Anvill Hill Coal Project, 93–9, 124–8
- Environmental offset schemes**
  - biodiversity banking, 108–9
    - agreements, 109
    - credits, 109–10
    - interaction with EP&A Act, 111
    - prospecting and mining on biobank sites, 111–12
    - statements, 110–11
  - biodiversity certification of environmental planning instruments, 107–8
  - green offsets, 104–5
    - implications for mining industry, 105–6
    - Ulan Coal Mines, 106–7
  - mining industry
    - biodiversity banking, 108–12
    - biodiversity certification, 107–8
    - green offsets, 104–7
    - planning agreements, 114–15
    - property vegetation plans, 112–13
    - use of, 103–4, 116
    - voluntary conservation agreements, 115–16
  - planning agreements, 114
    - implications, 114
    - Moolarben Project, 114–15
  - property vegetation plans, 112–113
    - implications, 113
  - voluntary conservation agreements, 115
    - implications, 115–16
- European Energy Law Report, The**
  - book review, 427–8
- European Union**
  - Emissions Trading Scheme, 158–9
  - integrated energy and climate change package, 158–9
- Farah Constructions Pty Ltd v Say-Dee Pty Ltd**, 122–4
- Fiduciary duties** *see* **Duty**
- FMG Chichester Pty Ltd v Rinehart and Hancock Prospecting Pty Ltd**, 369–73
- Gas market**
  - proposed national gas bulletin board, 119–21
    - confidentiality, 121
    - exemptions, 120
    - implementation by States, 121
    - key features, 119–20
    - legal issues, 120–1
    - misleading and deceptive conduct, 121
- Global warming** *see* **Climate change**
- Golden Sands Pty Ltd v Excel Quarries Pty Ltd (No 2)**, 136–7
- Gray v The Minister for Planning and Others**, 93–9
- Greenhouse gas (GHG) emissions** *see also* **Climate change**
  - assessment, 125–6
    - methodology, 126–7
  - Australia's contribution, 332–3
  - causation, 18
  - emissions trading scheme *see* **Emissions trading scheme (ETS)**
  - Greenhouse Gas Abatement Scheme (GGAS), 152, 157–8
  - impact
    - Anvill Hill Coal Project, 93–9, 124–8
    - Gray v The Minister for Planning and Others*, 93–9
    - mining industry, 92–3
- Hamersley Resources & Others v Cazaly Iron Pty Ltd**, 38–42
- Honeymoon Uranium Deposit project**, 269, 270–4
- Injunctions**, 136–7
- International law**
  - Nuclear Terrorism Convention, 254
  - South Pacific Nuclear Free Zone (Rarotonga Treaty), 253
  - Treaty on the Non-Proliferation of Nuclear Weapons (NPT), 249–54
    - emergency preparedness/response, 254
    - nuclear terrorism, 254
    - physical protection of nuclear material, 251–2
    - radioactive waste management, 253–4
    - transboundary movement of radioactive waste, 253
    - transportation of nuclear material, 252
- Joint ventures**
  - assignment agreement, 414–20
  - fiduciary obligations, 54–5
  - pre-emptive rights provisions, interpretation, 414–20
  - termination, 1–2
- Kayelekera Uranium Project** *see* **Malawi**
- Korab Resources Ltd v Richmond**, 362–5
- Kyoto Protocol**, 153, 158
- Land**
  - competing uses between mining companies and landowners

- Mineral Resources Development (Sustainable Development) Act 2006 (Vic), 213–16
  - state and territory approaches, 206–9
  - Victorian legislation, 202–6, 209–13
- Lion Nathan Australia Pty Ltd v Coopers Brewery Ltd**, 117–19
- Lovett on behalf of the Gunditjmara People v Victoria**, 137–43
- McCleary Investments Pty Ltd v Hudson & Northern Territory**, 9–12
- McKnight v Mount Eden Pty Ltd**, 148–9
- Mainland Civil Developments Pty Ltd v Zambito Pty Ltd and another**, 1–2
- Maitland Main Collieries Pty Ltd v Xstrata Mt Owen Pty Ltd**, 2–4
- Malawi**
  - Kayelekera Uranium Project, 304–5
    - development agreement, 305–6
    - Environmental Impact Assessment (EIA), 307–10, 313
    - Environmental Management Act 1996, 307–10
    - environmental protection under Mines and Minerals Act 1981, 306–7
    - environmental safety and health standards, 310
    - International Atomic Energy Agency (IAEA) safety standards, 311–12
  - uranium mining
    - Kayelekera Project, 304–13
- Mediation**
  - native title consent determination, 141
- Mineral Resources Development Act 1990 (Vic)**
  - competing land uses under s 45, 202, 203–4
    - amendments, 202, 213–16
    - issues and reform, 209–13
    - overview, 202–5
    - prior to 2006 reforms, 205–6
  - Mineral Resources Development (Sustainable Development) Act 2006
    - community uses, 213–14
    - consent mechanism, 215–16
    - mining uses, 214–15
    - private land use, 213
- Mining**
  - environmental offset schemes *see* **Environmental offset schemes**
  - uranium *see* **Nuclear energy; Uranium industry**
- Mining Act 1978 (WA)**
  - amendments, effect, 185–6
  - caveat system
    - duration of caveats, 195–7
    - effect, 195–7
    - purpose, 194–5
    - types of caveats, 195
  - priority disputes, 193
    - registered and unregistered instruments, 199–200
    - registered dealings, 199
    - unregistered interests, 200
  - registration system
    - effect, 188–9
    - limited indefeasibility, 192–3
    - nature of registrable interest, 190–2
    - priority disputes, 193
    - purpose, 187
    - registrable interests, 190
    - title, registration of, 189–90
  - Torrens system, comparison, 185–6, 200–1
- Mining lease**
  - application, service of, 14–16
  - application for additional surface area, 17–19, 132–3, 354
  - certificates of exemption relating to, 36–8
  - co-existence of rights, 133
  - expenditure
    - evidence of, 148–9
    - exemption from application, 24–5, 42–3
    - Mining Regulations 1981 (WA), Regulation 31, 374–5
  - pastoral conditions, potential imposition of, 369–3
  - plaints for forfeiture, 21–4
- Mining tenements**
  - objection to application, amendment, 38–42
  - restoration of forfeited tenement, 149–51
  - trading information on surrender of, 362–5
- Misleading and deceptive conduct**
  - information provided on national gas bulletin board, 121
- Moolarben Project**, 114–15
- National Electricity Law**
  - amendments
    - access and distribution regulation, 421–6
    - access disputes, 425
    - decision-making framework, 423
    - information gathering powers of AER, 423–4
    - merits review, 424–5
    - national electricity objective, 422
    - National Electricity Rules, to, 426–7
    - performance reports, 424
- Native title**
  - Aboriginal Heritage Act 2006 (Vic), 143–6
  - consent determination, 137–8, 138–9
    - mediation and, 141
    - relationship of native title rights and public access rights, 140
    - right to protect, 139–40
    - rights to fresh water, 139
    - standard of proof for, 141–3
  - issues decisions (Queensland), 16–17
  - Lovett on behalf of the Gunditjmara People v Victoria*, 137–43
    - claim, 138

- conference of experts, 141
    - consent determination, 138–40
    - early evidence hearing, 141
  - Native Title Act 1993 (Cth)
    - amendments, 219–23
    - 'claim quality', improving, 221–2
    - claim resolution, 220–1
    - native title representative bodies (NTRBs), 219–20
    - post-determination presentation, 222
    - Pt 2 Div 6, 56–68
  - Prescribed Bodies Corporate (PBC)
    - abeyance and assignment, 63–7
    - functions of Agent PBC, 60
    - functions of Trustee PBC, 60
    - native title decision process, 61–3
    - overview, 56–7
    - structure and role, 57–60
  - relationship of native title rights and public access rights, 140
  - statutory, 63–7
  - uranium exploration activities and, 366–9
  - Wongatha claim, 43–50
- New South Wales**
- Anvill Hill Coal Project, 93–9, 124–8
  - Environmental Planning and Assessment Act 1979
    - interaction with Mining Act 1992, 349–51
  - Greenhouse Gas Abatement Scheme (GGAS), 152, 157–8
  - implied duties of co-operation and to act reasonably and in good faith, 2–4
  - Mining Act 1992
    - interaction with Environmental Planning and Assessment Act 1979, 349–51
  - Mining SEPP 2007, 4–8
  - State Environmental Planning Policy (Mining, Petroleum Production and extractive Industries) 2007, 4–8
    - exempt and complying development, 5–6
    - identification of permissible development, 5
    - land use compatibility, 7
    - legal drafting issues, 6–7
    - matters for consideration, new, 6–8
    - natural resource and environmental management, 7–8
    - rehabilitation, 8
    - resource recovery, 8
  - termination of joint ventures, 1–2
- New Zealand**
- Crown Minerals, 50–4
  - emissions trading, 159, 379
  - Energy Strategy/Energy Efficiency and Conservation Strategy, 377–8
  - joint ventures and fiduciary obligations, 54–5
  - petroleum exploration permits, 50–4
  - 'prohibited activity' status, use of, 377
- Northern Territory**
- authorising entry to land, 9–12
    - nature of appeal from Warden, 9–12
    - priority rules, 9–12
  - Mining Warden
    - grant of approval to enter land, 9–12
  - uranium mining, 244
    - legal foundation of regulation, 291–4
    - overview, 290
    - regulation of, 290–303
    - regulatory legislation, 295–300
    - South Australia regulation, comparison, 300–2
  - uranium royalty considerations
    - administration of collections, 329
    - allocation of royalties from poly-metallic mines, 329
    - deductibility of traditional owner royalties, 328–9
    - status of uranium royalty sub-group report, 329
    - type of regime, 328
- Nuclear energy**
- assessment of environmental impact, 338–43
  - Australian nuclear energy regulatory framework
    - comparison with Canadian regime, 281
    - Environmental Impact Statement (EIS), 269
    - Honeymoon Uranium Deposit project, 269, 270–4
    - licensing, 269
    - regime features, 269–70
    - regulatory bodies, 270
    - single federal nuclear industry regulator, establishing, 281–9
  - Australian Nuclear Industry Commission (ANIC), proposed regulatory model, 283
    - establishment and functions of ANIC, 282–4
    - features, 282
    - legislative changes required, 284–8
    - role, 288
  - Australian uranium policy, 268, 333–8
  - Canadian regulatory framework
    - Cigar Lake uranium mine, 275–9
    - comparison with Australian regime, 281
    - Darlington Nuclear Generating Station, 279–80
    - features, 274–5
    - system flowchart, 276
  - energy mix, role in, 338–43
  - Honeymoon Uranium Deposit project, 269, 270–4
    - approval under Radiation Protection Act, 273–4
    - Environmental Impact Statement, 270–2
    - mining lease 6019 and native title, 273
    - regulatory approval process, flowchart, 271
    - uranium export permit, 272–3
  - proposed regulatory reform, 282–9

- Switkowski Report, 268–9
- uranium mining and, 330–1
  - Australia's uranium resources, 331–2
  - economic factors, 332
  - energy mix, role in, 338–43
  - GHG emissions and energy demands, 332–3
  - policy developments, 333–8
- Nuclear fuel** *see also* **Nuclear energy; Uranium industry**
  - cycle, Australian involvement, 235–6
    - Australian Obligated Nuclear Material (AONM), 261–2
- Nuclear non-proliferation regime**
  - framework for prevention of nuclear proliferation, 249
  - non-proliferation measures
    - UN Security Council Resolutions, 258–9
  - Proliferation Security Initiative, 259–60
  - treaty, 249
    - architecture, 250–4
- Nuclear terrorism**, 254
- Partnering and alliancing agreements**
  - advantages of alliancing, 70
  - legal issues
    - fiduciary duties between alliance partners, 71–4
    - good faith, 74–7
    - good faith and termination, 77–8
    - indemnity, 80–2
    - no dispute, concept of, 78–80
    - structure, 71
  - overview, 69
- Perry v Hepburn Shire Council**, 361–2
- Petroleum (Submerged Lands) Act 1967 (Cth)**
  - offshore regime for unit development, 400–1
  - unitisation of oil and gas reservoirs under, 396–7, 412–13
    - Australian law, in, 399–400
    - background in Australia, 397–400
    - international comparison, 407–10
    - Joint Authority directions, 403–6
    - practice in Australia, comparative analysis, 410–12
    - rule of capture in Australia, 398–9
    - rule of capture in US, 397–8
    - s 59 offshore regime, 400–1
    - unit development, definition, 401–2
    - voluntary unit development, 403
- Pre-emptive rights**
  - joint venture, 414–20
    - Lion Nathan Australia Pty Ltd v Coopers Brewery Ltd*, 117–19
- Project alliancing** *see* **Partnering and alliancing agreements**
- Proliferation Security Initiative**, 259–60
- Prospecting licences**, 376
- Queensland**
  - additional surface area application, 132–3
  - Clean Energy Policy 13 percent Gas Scheme, 153, 156–7
  - environmental objections, 17–19
  - greenhouse gas emissions ruling, 354–7
  - Land and Resources Tribunal jurisdiction, 352–4
  - Mineral Resources Act s 307, interpretation of, 352–4
  - mining compensation determinations, 13–14
  - native title issues decisions, 16–17
  - service and late objections, 14–16
- Queensland Conservation Council Inc v Xstrata Coal Queensland Pty Ltd and Others**, 354–7
- Radioactive waste management**, 246–7, 253–4
- Rarotonga Treaty**, 253
- Renewable energy targets**, 152, 156
- Restitution**
  - unjust enrichment and, 123–4
- Rights in Water and Irrigation Act 1914 (WA)**, 164
- Royalties**, 136–7
  - uranium, 325
    - Australia, in, 326–7
    - increased demand for, 326
    - Northern Territory considerations, 328–9
- Share buy-backs**, 117–19
- "Shareholder test case"**, 83–91
- Shovelanna dispute**, 26–32
- Site contamination**
  - cause, 134–5
  - definition, 134
- Sons of Gwalia case**, 83–91
- South Australia**
  - Environment Protection (Site Contamination) Amendment Bill 2007, 134–6
  - uranium mining regulation, 300–2
- South Pacific Nuclear Free Zone (Rarotonga Treaty)**, 253
- Standard of Proof**
  - native title consent determinations, 141–3
- Tasmania**
  - Electricity Supply Industry Amendment Act 2007, 357–8
- Torrens system**
  - caveat system
    - effect, 195
    - purpose, 193–4
  - Mining Act 1978 (WA), comparison, 185–6, 200–1
  - priority disputes
    - registered interests, 197–8
    - unregistered interests, 198
  - registration under
    - effect, 188
    - purpose, 186–7
- Trevor James Lee v Kokstad Mining Pty Ltd**, 352–4
- Ulan Coal Mines**, 106–7
- Ulan Coal Mines Ltd v Minister for Mineral Resources & Moolarben Coal Mines Pty Ltd**, 349–51
- United Nations**

Security Council stance on non-proliferation, 258–9

### Uranium industry

Australian Nuclear Science and Technology Organisation (ANSTO) Act 1987, 256  
 Commonwealth's capacity to regulate, 237–42  
   corporations power, 240  
   defence power, 240–1  
   external affairs power, 239–40  
   interstate and overseas trade and commerce power, 238–9  
   overriding state authority, powers, 241–2  
 developing country, in *see* **Malawi**  
 exploration and mining, regulation  
   Commonwealth, by, 243–4  
   Northern Territory, 244 *see also* **Northern Territory**  
   States, by, 242–3  
 exports, 245, 256–8  
   Australian Obligated Nuclear Material (AONM), 261–3  
   legislation, 258  
   nuclear material accountancy regime, 263–6  
   policy, 260–1, 266–7  
   safeguards, 262–3  
   State System of Accounting and Control of Nuclear Material (SSAC), 263–6  
 imports, 256–8  
   legislation, 258  
 international law *see* **International law**  
 milling, conversion, enrichment, fabrication, 245–6  
 multilateral treaties, 267  
 Northern Territory *see* **Northern Territory**  
 nuclear energy and *see* **Nuclear energy**  
 nuclear fuel cycle  
   Australian involvement, 235–6  
 nuclear non-proliferation regime, 249–54  
   implementing legislation in Australia, 255–6  
 Nuclear Non-Proliferation (Safeguards) Act 1987, 255  
   Non-Proliferation Legislation Amendment Acts 2003 and 2007, 255–6  
 nuclear power generation, 247–8 *see also*  
**Nuclear energy**  
 ownership of uranium, 236–7  
 radioactive waste management, 246–7  
 regulation of, 248  
   Commonwealth's capacity to regulate, 237–42  
   co-operative federalism, 242  
   exploration and mining, 242–4  
   overview, 235  
   policy, 268  
   South Australia, 300–2  
   states' capacity to regulate, 237  
   Switkowski Report, 268–9
