

Rewards through awards

High Achievers

As part of ALIA's continuing support of library studies at all levels, we are again proud to have sponsored the latest round of Student Awards for 2007 new graduands.

Each recipient of a student award has demonstrated the highest level of achievement in their studies and commitment to their chosen career path as a Librarian or Library Technician. As part of this award each recipient has received one financial year's membership to the Association.

On behalf of all ALIA members and the library community at large, we would like to welcome these outstanding achievers and all our newly graduated library professionals to what we hope will be a highly satisfy and fulfilling career.
