## New appointments to the ALIA Research Committee

The ALIA Research Committee has recently been strengthened by the appointment of four new members. In response to a Call for Expressions of Interest, Dr Jennifer Berryman, Dr Stuart Ferguson, Katherine Howard, and Janine Schmidt have joined the committee. All four are active members of ALIA and their expertise is welcomed. Jennifer is the Program Manager, eRecords Project at the State Library of New South Wales. She is an experienced practitioner and researcher and her PhD thesis won the 2009 Emerald/EFMD Award for Outstanding Doctoral Research. Stuart is an Assistant Professor in Information Studies at University of Canberra, where he leads development of the librarianship specialisation in the Master of Information Studies (Online). He is well known as an academic and was a senior lecturer at Charles Sturt University for a number of years. As a recent graduate of a specialist Master's programme in Digital Libraries in Oslo and now working in this specialised field, Katherine has a variety of recent and valued practitioner experience at the ABC and the Royal Society for the Blind and has a strong passion for research. Janine Schmidt, an ALIA Fellow, requires little introduction. She has recently retired as the Trenholme Director of Libraries at McGill University in Montreal, Canada,

and was previously the University Librarian at the University of Queensland, and the Director, Collection Services, at the State Library of New South Wales. ALIA is very fortunate to have such experienced people volunteering in roles which support the development and promotion of research in the LIS community. Stuart has a strong background in teaching, administration and research, and while Jennifer, Katherine and Janine are experienced researchers, they will also provide a practitioner focus which will complement those people already on the committee. The existing committee members are ALIA Executive Director, Sue Hutley; and experienced researchers, Dr Peter Macauley (Chair), Dr Gaby Haddow, Dr Mary Anne Kennan, Dr Anne Lloyd, Dr Michael Olsson, Associate Professor Helen Partridge, Associate Professor Kerry Smith, and Dr Suzana Sukovic. Information about the ALIA Research Committee and the services and resources provided to ALIA members is available from <http://www.alia.org.au/research/>.
