## CRESSY-LONGFORD IRRIGATION.

## No. 39 of 1969.

AN ACT to provide financial assistance for certain proposed waterworks. [19 December 1969.]

WHEREAS it is expedient for the Rivers and Water Preamble.
Supply Commission to establish waterworks to irrigate lands in the county of Westmorland from the tail race of the Hydro-Electric Commission's Poatina Power Station:

And whereas provision is made by the *Water Act* 1957 for the Governor by proclamation to appoint an irrigation water district and declare the former Commission to be the irrigation water authority thereof with consequent powers to make and operate waterworks therefor and it is expedient for him so to proclaim in respect of those lands:

And whereas provision has already been made by the Loan Fund Appropriation Act 1969-1970 and the Tasmania Grant (Cressy-Longford Irrigation Works) Act 1969 of the Commonwealth of money for and in connection with waterworks for the proposed irrigation water district:

And whereas it is expedient to provide further assistance to the former Commission in respect of those waterworks:

Be it therefore enacted by His Excellency the Governor of Tasmania, by and with the advice and consent of the Legislative Council and House of Assembly, in Parliament assembled, as follows:—

- 3—(1) As soon as possible after the end of each financial year the Treasurer shall pay to the Commission out of the Consolidated Revenue (which to the necessary extent is appropriated accordingly) a sum equal to the amount payable in that financial year to him by the Commission under section eighteen of the Principal Act on advances made under that section for or in respect of the undertaking.
- (2) Moneys received by the Commission under subsection (1) of this section shall be—
