A.D. 1934.

Amendment of
Principal Act.
New section 62.

3 Section sixty-two is hereby repealed and the following section inserted in lieu thereof:—

“**62** The trustees may, if they see fit, attach a meter to any pipe supplying water for any purpose, domestic or otherwise, to any person, and supply water to such person by measure only at such charge and subject to such conditions as the trustees may prescribe; but such charge shall not exceed the sum of one shilling and six pence for every one thousand gallons of water so supplied. Thereupon all water supplied to such person shall be drawn only through such meter, and such person shall pay to the trustees besides any water rate or charge for water supplied to such person such sum or sums of money as rent for the use of such meter and at such time or times as may be prescribed.”

New section 63.

4 Section sixty-three is hereby repealed and the following section inserted in lieu thereof:—

“**63** Nothing in the preceding section shall discharge the liability of the occupier of any property from his liability to pay the water rate imposed by this Act in respect thereof, but the trustees may prescribe the quantity of water which may be used by such person free of charge as an allowance in respect of such rate.”

New section 75A.

5 After section seventy-five of the Principal Act the following new section seventy-five A is hereby inserted:—

“**75A.**—(1) It shall be lawful for the trustees to provide that a rebate not exceeding two pounds ten shillings per centum shall be allowed on all rates paid to them within one month after payment of the same has been lawfully demanded.

“(2) It shall be lawful for the trustees to provide that there shall be payable, in respect of all rates unpaid for a space of four months after payment of the same has been demanded as aforesaid, a penalty not exceeding two pounds ten shillings per centum of the amount so unpaid.”

Section 96.

6 Section ninety-six of the Principal Act is hereby amended by deleting the words “six pounds” in the first and second lines thereof and inserting the words “two pounds ten shillings” in place thereof.

timber.

7 It shall be lawful for the Council from time to time to enter into any agreement in writing with the Conservator of Forests, allowing him, for such consideration to the Council as such agreement shall provide, to permit any person or persons to cut timber, on such terms and conditions to be stated in such agreement as the Council shall determine, on such part or parts of the lands described in Schedule (2) to the *Glenorchy Water Act* 1910 and the schedule to the *Glenorchy Water Act* 1911 from which natural flow of water does not run into Humphrey's Rivulet.
